Pneumatic tools for **all kinds of strapping,** with plastic straps

P357 | P358 | P359 | P380

The Pneumatic P series *by FROMM*

Durable design and robust quality

P357
For standard work, with consistent seal efficiency

Operating modes: semi- and fully-automatic

Strap qualities: PP and PET

Strap dimensions: 12.7 – 16.0 mm x 0.40 – 1.05 mm

Tension force: 600 – 1,300 N
1,200 – 2,500 N

Tension speed: 104 or 165 mm/s

Weight: 5.7 kg

P358
For Heavy Duty applications, with consistent seal efficiency

Operating modes: semi- and fully-automatic

Strap qualities: PET

Strap dimensions: 16.0 – 19.0 mm x 0.65 – 1.35 mm

Tension force: 1,000 – 2,300 N
1,900 – 4,000 N

Tension speed: 70 or 115 mm/s

Weight: 5.7 kg

P359
For Xtra-HD applications, with consistent seal efficiency

Operating modes: semi- and fully-automatic

Strap qualities: PET

Strap dimensions: 19.0 – 32.0 mm x 0.60 – 1.53 mm

Tension force: 2,000 – 3,500 N
4,000 – 7,000 N

Tension speed: 60 or 120 mm/s

Weight: 8.2 kg

P380
For round and small surfaces, with consistent seal efficiency

Operating mode: only manual

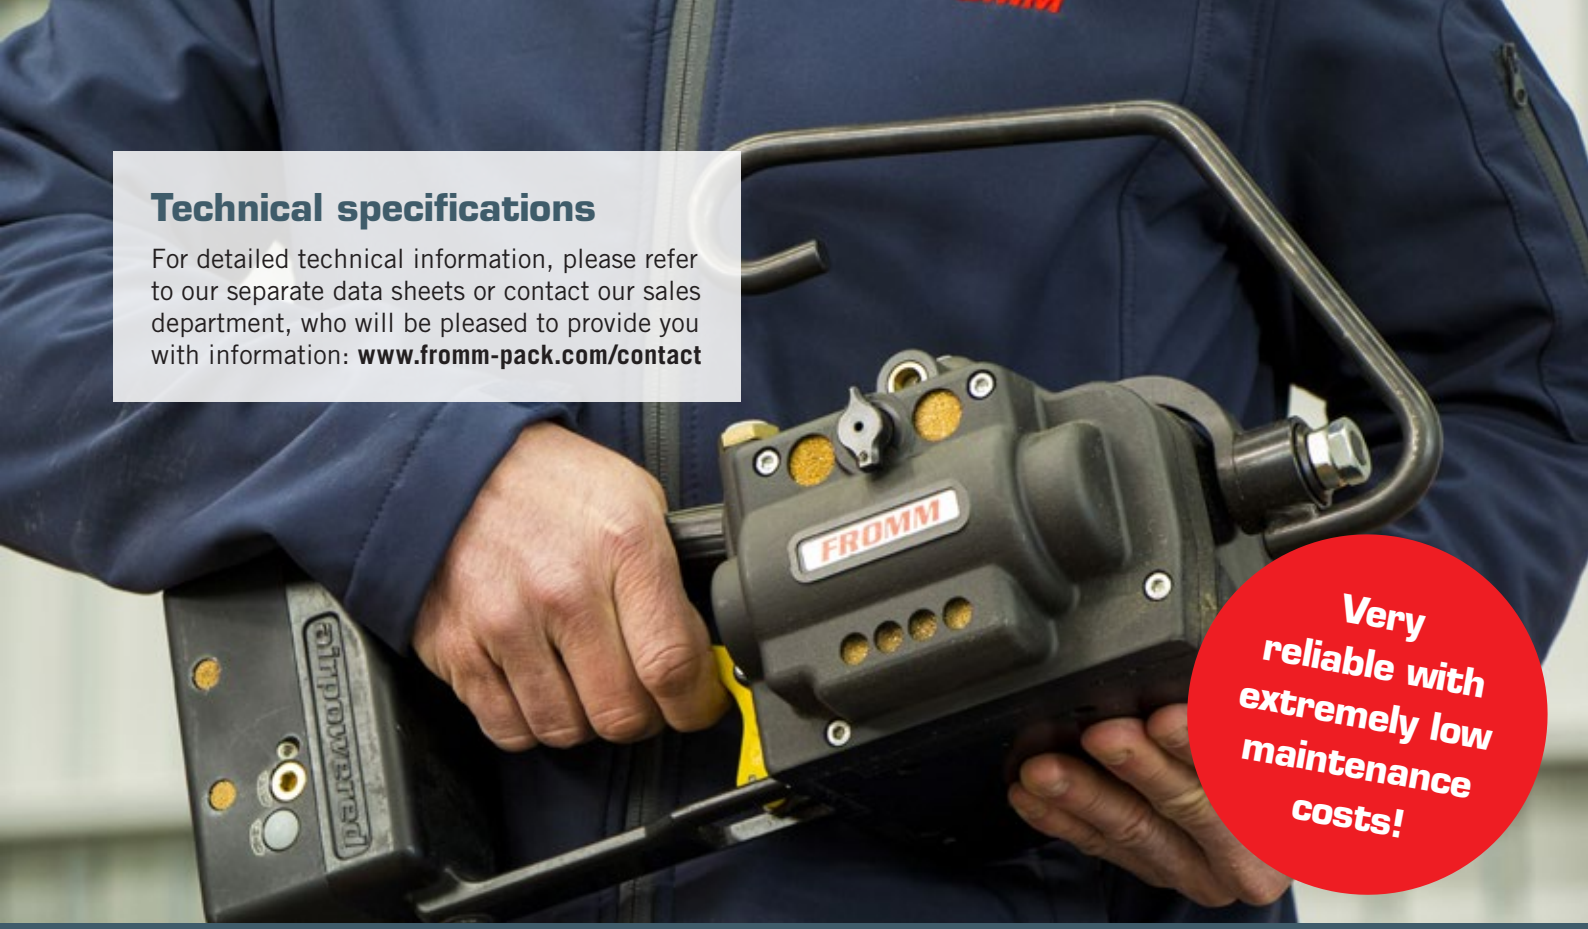

Strap qualities: PP and PET

Strap dimensions: 13.0 – 19.0 mm x 0.40 – 1.35 mm

Tension force: 600 – 2,000 N

Tension speed: 120 – 260 mm/s

Weight: 6.8 kg

Technical specifications
